Thank You Cards

We ask that all 4-H members that sold livestock at the Sandoval County Jr. Livestock Sales please turn in Thank You cards to the Extension Office or Club leaders. A list of your buyers will be available from the Club Leaders. Please write out a Club Thank You Card to all \$20 or less add-on buyers rather than individual cards. Checks to exhibitors will be mailed when all funds from sales and the Thank You cards are received.

4H Unplugged . . .

Community Service Project for UNM Cancer Center

We congratulate all 4-Hers from all Counties for their hard work in raising \$8,800 for the UNM Cancer Center. A check was presented to them at the 2009 State 4-H conference in Las Cruces on July 16th. Thank You for those who participated in the Sandoval County 4-H "Paws for a Cause" Dog Walk-A-Thon. Sandoval County contributed nearly \$700 to the Statewide project. Great work for a Great Cause!

Club Community Service Project

It's not too early to start planning a community service project for your club. The 4-H Million Trees Project (4HMT) is an international service-learning project to inspire the approximately 6.5 million North American 4-H youth to plant 1 million trees to combat global climate change. In the past year, over 13,000 youth from 37 states and provinces have planted in excess of 26,000 trees. You can learn more about the project online at www.4hmilliontrees.org.

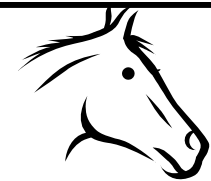

The State 4-H wants to extend their invitation to all New Mexico 4-H Clubs. They hope that New Mexico can also promote this nationally-endorsed SET project so all NM 4-Hers have the opportunity to do their part to combat global climate change.

Please feel free to contact them at 4hmilliontrees@gmail.com, or call them at (650) 892-7208.

As they say, every day is a good day to plant a tree! This is especially true in April as we plant trees to celebrate Earth Day, Arbor Day, and Global Youth Service Day.
